

PARTICIPATE IN A FOCUS GROUP!

Experience of care and quality of life
for people with liver cancer

We are organising two sessions during September 2026

ABOUT LIVERATION

A European research project on
liver cancer surgery.

LIVING LABS

Brings together people with different
perspectives to discuss real
experiences, needs and priorities in an
open, collaborative setting.

WHO CAN PARTICIPATE?

- People with lived experience of liver cancer
- Family members or caregivers
- Healthcare professionals
- Managers, administrators or healthcare leaders
- Research and innovation professionals

EXPERIENCE OF CARE

- Access, diagnosis and referral
- Information and decision-making
- Treatment and care experience
- Discharge, recovery and follow-up
- Support and care coordination

Focus: the care pathway

QUALITY OF LIFE

- Physical and functional
- Emotional
- Social and relational
- Support and unmet needs
- Interaction with care

Focus: impact on health and daily life

WHY PARTICIPATE?

Share lived and
professional experience

Help identify
priorities and solutions

Contribute to
improving future care
